

ABS Regrind type 90090-19 Technical Data Sheet

June 2019

Material	ABS Injection Molding LG Chem HF380
Aspect	Solid Regrind / flakes.
Application	Injection parts for food and beverage industry
Description	Grade suitable for injection High Flow.
Source:	New post - industrial from beverage industry
Colors	Gray, black, red Colored
Origin	Israel
Process origin	Injection

Mechanical Characteristics	Method	Test	Unit	Value
Specific Gravity	ASTM D792			1.04
Melt flow rate MVR	ASTM D1238	220° /10Kg	g/10min	43
Delivery form				Flaks - regrind
Flakes size	Visual			8-10 mm
Surface moisture				up to 0.5%
